

Congratulations!

You are now part of our DanzArts dance family and we are so excited to have your family with us! Patricia Astorga-Casey formed DanzArts in 2005 in Houston, Texas, where she quickly gained success and had her work presented at many respected theaters. When she moved to San Diego in 2009, DanzArts followed too. Patricia has a passion for the art of dance and because of her love and devotion for DanzArts the company has had many thrilling and honorable opportunities.

You have joined at a very exciting time!
